At a minimum, such criteria must provide "that self-sufficiency means employment that pays at least 100 percent of the Lower Living Standard Income Level (LLSIL)" based on family size and income. (Self-sufficiency for dislocated workers may be defined in relation to a percentage of the layoff wage.) The LSWIA region's Self-Sufficiency Guidelines (Effective March 19, 2013) represents 150% of LLSIL as determined for the State of South Carolina. C. ELIGIBILITY DETERMINATION

(SCWorks WIOA Program Information Sheet)

The Staff Online Resources under SCWOS provides a Staff User Guide. Eligibility determination is based upon various criteria as outlined in the Workforce Innovation and Opportunity Act, Training and Employment Guidance Letters (TEGLs), and Local Instructions. LSWIA Instruction PY'12-002 Revision #1 outlines Self-Attestation as an ***OPTION*** for determining eligibility if no other documentation is available.

Out-of-School Youth

In addition to the WIOA documents required for youth applying for WIOA services, the following educational documents will be required for Out-of-School youth who do not have a HSD or GED prior to making the referral for the TABE assessment:

1. High School Transcript (with scores)

2. Latest disciplinary report

3. Release letter from the High School

4. IEP from the school (if applicable)

Do not refer youth who do not have a HSD or GED for the TABE assessment unless these documents have been confirmed. Adult Ed staff will review the educational documents to assess the participants' ability to meet WIOA requirements (a minimum Grade Level 6 in Reading and Total Math is required) and/or whether a referral for partner services would be appropriate.

In-School Youth

In addition to the WIOA documents required for youth applying for WIOA services, the following applies to In-School youth only:

1. No High School Diploma at time of application

2. Still attending school and ready to graduate

Youth must provide documentation to validate income unless receiving Public Assistance.

If a potential Youth participant is currently enrolled in post-secondary occupational skills training, s/he must provide documentation from the school that s/he does not have any outstanding debts to the school and that s/he has not lost the ability to receive financial aid due to academic status or probation. If a Youth participant who has attended post-secondary school is not enrolled at the time of eligibility or the next upcoming school semester then these youth, based on eligibility, could be enrolled as an out-of-school youth.

There is a funding percentage requirement of enrolled youth to be Out of School Youth, that amount is 75%. Additionally, 20% of all Youth allocation must be spent on work-based learning.

The Youth Coordinator and WIOA service providers will work closely to ensure the LSWIA meets these funding requirements.

IV. CERTIFICATION AND PARTICIPANT REGISTRATION

(LSWIA Instruction PY'07-006)
(LSWIA Instruction PY'08-002)

Good Sense Tip: ***NOT A DEFINITION → REMINDER:*** ***Inclusion of a social security number on any document is a violation of the Privacy Act and is punishable by law. Refrain from using the social security number on any WIOA form. If a social security number is found on any form in the WIOA file folder, staff are required to redact it IMMEDIATELY. Failure to do so will result in a monitoring issue, and may result in the recommendation for termination of employment.***

WIOA Staff are responsible for WIOA Program ***Overview***, determination of WIOA program suitability, eligibility/ineligibility, and enrollment/registration into the WIOA Program via documentation of a SCWORKS ONLINE SERVICES Participation Screen.

A Participant is an individual who is determined eligible to participate in the program and receives a service, as noted above, funded by the program either in a physical location (Center) or remotely through electronic technologies. Following a determination of eligibility, the official WIOA File Folder will be forwarded to the appropriate SCWorks Operator for review for transfer to the Service Provider.

Good Sense Tip*: The entire process must be completed in ten (10) working days.*

Participation in a program commences when the individual begins receiving a service funded by the program. This phrase has the same meaning as the "date of participation" (represents the first day, following a determination of eligibility, that the individual begins receiving a service funded by the program) used in some of the measures. In the event that the individual does not show for the scheduled TABE or WorkKeys testing, a case note must be entered into the SCWOS On-Line system indicating that the individual did not return for assessment and what the next planned steps are to try to reach the individual to have the individual return.

In accordance with Section 101(34) of WIOA, receipt of post-employment follow-up services designed to ensure job retention, wage gains, and career progress does not result in the extention of a participation period.

A. SIGNATURES

All completed WIOA Program Applications must be signed regardless of eligibility status. Furthermore, WIOA forms require numerous signatures and all signature fields contained on forms must be signed by the appropriate parties, i.e., participant, guardian, case manager, etc. Failure to sign, or have forms signed, accordingly and appropriately, may result in a monitoring issue or questionable costs.

Forms that have signature fields must be signed and dated.

(LSWIA Instruction PY'11-001)
(Guardianship Form)

A Parent/Guardian Signature is required for applicants under the age of 18. The term "guardian" for a WIOA Youth application, refers to any adult (at least 18 years of age or older) who is providing housing and financial support to the Youth regardless of legal status. In order to remain in compliance with WIOA regulations, a Guardianship Form for local WIOA use is available on the LSWIA website. The guardianship form must be completed by the adult guardian at the time of application and maintained in the applicant's case file.

If the individual is not eligible to receive WIOA services, the WIOA Program Application must be printed, signed, dated, and kept for one year in a centralized file located in the SCWorks Center. A case note must be entered into SCWOS indicating that the individual is not eligible for the WIOA program. After one year, the files may be transferred for storage.

***Good Sense Tip**: The definition of guardian authorized to sign the WIOA application differs from the definition of guardian as it relates to family size. According to the WIOA definition of Family, a guardian's income should not be included in the family income unless documentation of legal guardianship or adoption is provided.*

B. ASSESSMENT

(LSWIA Instruction PY'11-012)
(Reference SOW, Section G for Youth Assessment)

At the point the file review process is complete and the customer is deemed eligible to receive WIOA services, the Certification Staff must refer the applicant for an official assessment.

The participation record should be completed in the SCWORKS ONLINE SERVICES once a staff person confirms the applicant/participant took the appropriate assessment. If the individual did not show for the assessment, a case note must be entered into SCWOS indicating the status. Determining points of when the applicant/participant becomes officially registered or enrolled into the WIOA Program are as follows:

a. completion of the WIOA Application, printing it, having the individual sign and date it;

b. the official WorkKeys® or TABE scores, whichever are appropriate, have been received and entered into the SCWORKS ONLINE SERVICES. ***Youth literacy/numeracy screen has been created for all YOUTH Participants.***

c. creation of the assessment activity code, either 203 for adults/dislocated workers or 412 for youth.

A file review by the WIOA Center Operator (Adult and Dislocated Worker Participant Files) or WIOA Service Provider Manager (Youth Participant Files) is required before

the file is assigned and transferred to case management/service provider staff. The required essentials of the file review are to examine the; file set-up, data validation requirements, supporting documents, signature and date requirements and the omission of social security numbers.

C. CAREER SERVICES

Good Sense Tip: ***NOT A DEFINITION➔ REMINDER:*** ***Inclusion of a social security number on any document is a violation of the Privacy Act and is punishable by law. Refrain from using the social security number on any WIOA form. If a social security number is found on any form in the WIOA file folder, staff are required to redact it IMMEDIATELY. Failure to do so will result in a monitoring issue, and may result in the recommendation for termination of employment.***

1. Orientation

(LSWIA Instruction PY'07-009)
(WIOA Orientation Sheet)

A scheduled Orientation Process will be utilized across the Lower Savannah region and provided in group-sessions. The WIOA Program Service Provider will provide an all-inclusive WIOA Orientation to include career and employment plans, case management requirements, grievance policy and procedures, participant expectations, training opportunities and requirements, time and attendance requirements, supportive services, and follow-up services. Signatures and dates on the LSWIA Orientation Form document orientation.

Case Managers will complete and review the Objective Assessment Summary Report (OASR) with each individual.

2. Development of Individual Employment Plan

(LSWIA Instruction PY'05-003)

The Individual Employment Plan (IEP) is an ongoing strategy jointly developed by the Participant and the WIOA Case Manager that identifies the Participant's employment goals, the appropriate achievement objectives, and appropriate combination of services for the Participant to achieve the employment goals. Section 10B of the SCWOS Procedures Manual outlines the necessary steps to develop an individual employment plan, or IEP. Since the IEP is an on-going/living document, it must be updated in the SCWORKS ONLINE SERVICES as the goals and objectives for the individual change, throughout the entire program participation. At a minimum, the IEP should be used as a comprehensive tool that accurately provides a step-by-step plan to assist each individual participant with obtaining self-sufficient employment.

An IEP will be developed in the SCWORKS ONLINE SERVICES for all new WIOA Participants within five (5) working/business days upon receipt of the file. Exceptions will be documented accordingly. Activity code 205 or 413, respectively, must be created in SCWOS upon creation of the IEP. An IEP review is required, at a minimum, twice annually.

3. Case Management Philosophy

Good Sense Tip: *Case Managers will not perform case management assistance to family members, nor close friends. Staffing patterns should be diverse and reflective of the participant - base served. Refer to LSWIA Instruction PY'93-010 Revision #2 ** relative to Nepotism.*

Good Sense Tip: NOT A DEFINITION ➔ REMINDER: Inclusion of a social security number on any document is a violation of the Privacy Act and is punishable by law. Refrain from using the social security number on any WIOA form. If a social security number is found on any form in the WIOA file folder, staff are required to redact it IMMEDIATELY. Failure to do so will result in a monitoring issue, and may result in termination of employment.

The Lower Savannah Workforce Investment Area bases the philosophy for Case Management on the idea that Participants should be actively encouraged to pursue and obtain self-sufficient employment. Participants have strengths and resources as well as weaknesses and barriers. If Participants do not have the skills to obtain self-sufficient employment and have participated in active job search activities with no results, training services may be an option.

The relationship between the Case Manager and the Participant is a partnership where mutual agreement decides the outcomes. The Participant should be actively involved in all phases of the process, including planning, decision-making, and problem solving. The Participant has the ultimate responsibility for change and success.

The following basic assistance provided by the case manager to the WIOA Participant, will be documented in the SCWORKS ONLINE SERVICES:

a. Through ongoing assessment, gather and analyze data on internal and external factors affecting the Participant's ability to achieve greater academic success and to remain in school.

b. Provide necessary direct assistance for helping the Participant implement the negotiated plan (e.g., present options, instruct and/or tutor, assist with problem solving, decision making, etc.).

c. Record and file pertinent information, e.g., maintain an ongoing record of Participants' plan achievements, program activities, progress, problems and problems solved, record of case manager's activities, involvement, data gathering and analysis, as well as strategies developed and implemented.

d. Case notes and other components of the case management process should be structured to provide the following:

i). Case notes are tied to the individual, and the applicable WIOA/TAA Application.

ii). Case notes should support, not duplicate, information in the Activity Records and other SCWORKS ONLINE SERVICES screens.

iii). Case notes should include information related to the individual's WIOA/TAA participation. They should include meaningful, additional information related to WIOA/TAA activities/services, educational progress, and/or employment. Case notes should also include information on barriers and supportive services provided.

iv). For activities such as career counseling and comprehensive guidance and counseling, the case note should provide a summary of the counseling/guidance session INCLUDING the details of the topics discussed, corrective action plan/next steps, follow-up planned, further services needed, etc. This will include career counseling/planning related to career choice, change, or adjustment.

v). The length of the case note is not important. The VALUE of the content is important.

vi). Case notes should include information on missed appointments and attempts to contact the individual.

vii). Case notes should include contacts with instructors, employers, etc. to follow progress in training or employment.

viii). For participants in training, case note should document satisfactory progress, current grade point average, the reasons for extensions in training, etc.

ix). The SUBJECT OF THE CASE NOTE should be meaningful. (Example: Transportation Problem; GED; Manufacturing Training; instead of monthly contact or telephone call).

x). ***DO NOT SUPPRESS CASE NOTES***. Case notes should not include information of a confidential nature such as criminal activity, drug abuse, alcohol abuse, domestic abuse, etc. The case note should indicate that confidential information is in a locked file. (Information in a locked file can be subpoenaed.)

xi). Do not name other participants or students in case notes, or documents contained in the individual's participant file folder. Other names should be redacted.

xii). Use appropriate capitalization and grammar. Be careful with pronouns and use spell check.

xiii). A final summary case note is required for all participant records. The case note should include performance measure outcomes, goal obtainment, successful/unsuccessful participation, program completion status, training received, training and supportive services dollars expended and next step/s.

***Good Sense Tip**: Remember that case notes can, and are, read by other individuals who have access to the system. Avoid using generic case notes. Do not cut, copy, & paste the same case note into every file, i.e., workshop schedule sent or newsletter sent. Do not copy letters into case notes. Case notes are not required for every activity record. Case notes are not to be printed or signed. **Exception**: Eligibility Certification summarization case note is the only case note to be printed, signed by both parties and placed in the file.*

4. GED Services for Adults/Dislocated Workers

(LSWIA Instruction PY'10-005)

GED Services are provided only to eligible Adults/Dislocated Workers when they qualify for an Adult Education "Boot Camp" being operated in the LSWIA for PY'16 in participating counties. "Boot Camp" rules would apply.

a. WorkKeys ® scores should indicate the participant's ability to successfully complete the training curriculum

b. GED services/training must be completed within the established Boot Camp time requirements

c. An IEP must be completed, which clearly shows the WIOA Customer's future training requirements, a self-sufficient employment goal and, includes appropriate case notes documenting the need for GED training services

d. When the requested occupational skills training curriculum does not require a GED, WIOA FUNDS SHALL NOT BE USED TOWARDS GED COSTS without prior approval from the Workforce Development Administrator. Use the Waiver Form and provide an explanation in the "Other" category

e. When the participant meets the criteria for WIOA funded GED services, the participant shall be referred to Adult Education, who will assess the individual to determine if the individual meets the Boot Camp criteria for the GED services

f. If the individual does not meet the Boot Camp criteria, the individual will be referred to Adult Education for completion of the GED, at the participant's expense, prior to WIOA program enrollment

D. SUPPORTIVE SERVICES

(LSWIA Instruction PY'01-004 Revision #8)

The ability to make a supportive services payment on behalf of any WIOA participant is based on the availability of WIOA funds. All supportive services payments issued on behalf of WIOA Participants in the Lower Savannah Workforce Investment Area will be issued based on an established and documented need, identified as follows:

1. one that was identified during the initial and/or comprehensive assessment and placed on the Individual Employment Plan (IEP); or

2. one that is identified due to an emergency occurring after the individual became a WIOA Participant; or

3. one that is identified as an emergency within the first quarter after exit that would help the individual gain employment or remain employed.

Good Sense Tip: ***CAUTION MUST BE EXERCISED HERE*** *because supportive services assistance payments must not be made retroactive to the individual becoming a WIOA Participant. Payments can only be made toward relief of situations after the individual becomes a WIOA Participant and are based on the availability of funds.*

In addition to the requirements contained in subparagraph (A) of the Act, a dislocated worker who has ceased to qualify for unemployment compensation ***may*** be eligible to receive needs-related payments, under this paragraph, only if such worker was enrolled in the training services by the end of the 13th week after the most recent layoff, that resulted in a determination of the worker's eligibility for employment, and training activities for dislocated workers under this subtitle. Need-based payments may be authorized after Unemployment Insurance (UI) and Trade Adjustment Assistance (TAA) benefits have been exhausted.

Supportive Services payments will be limited to the amount necessary to satisfy the emergency and permit the WIOA participant to continue or complete the applicable WIOA activity, AND such payments must be assumable by the individual if/when WIOA ceases to provide support. Needs-based supportive service payments are not to exceed $1,000, in a 12-month period with a $3,000 lifetime cap. The Participant is responsible for 50% of the supportive services costs if enrolled in WIOA Career Services and 25% of supportive services costs if enrolled in WIOA Training Services. A Waiver request, to the Workforce Development Administrator, is required if the participate needs assistance in the payment portion of their required match (50%-75%) for the supportive service requested.

Good Sense Tip: *Participation in Career Services/Follow-Up Services will result in WIOA paying 50% of the total amount of supportive services requested. WIOA will submit the payment upon confirmation of the participant satisfying the remaining 50%. Participation in Training Services will result in WIOA paying 75% of the total amount of the supportive services requested, and WIOA will submit the payment upon confirmation of the participant satisfying the remaining 25%. The percentages noted above apply to adults and dislocated workers only; the percentages are not applicable to youth. A financial budget is required each time a participant requests supportive services; if there is a deficit in the budget, it is questionable as to why WIOA should continue to pay. The ability to make supportive services payments on behalf of any WIOA participant is based on the availability of WIOA funds. Direct your written requests for extenuating circumstances to the WD Administrator for a waiver.*

E. FUNDING APPROVED TRAINING CLUSTERS/CURRICULUM

(LSWIA Instruction PY'10-007 Revision #1)

This policy is effective June 1, 2011, and is for all WIOA approved Training Participants who start training on or after the effective date. Due to limited funds, all individuals seeking training must apply for Financial Aid (see Good Sense Tip). Training Services Committee will approve all training for those individuals enrolled in WIOA seeking training regardless of funding source.

The Training Services Committee will only approve training for those individuals who have applied for PELL, SC Lottery, or FAFSA assistance.

If an individual is seeking occupational skills training that is not part of the approved training cluster, the service provider must request a Waiver from the Workforce Development Administrator ***PRIOR TO THE TRAINING COMMITTEE*** meeting. Any expenses related to the non-listed training curriculum will be deemed as a disallowed cost if the individual starts training prior to the WD Administrator approving the waiver. A waiver is not required for OJT's that are in addition to the Approved Training Clusters/Curriculum. OJT approvals require a minimum $10 per hour pay rate for all new employers as of July 1, 2016.

***Good Sense Tip**: WIOA Funds may not be expended to support any training not associated with the Approved Training Clusters/Curriculum without prior approval of the Local Area Administrator. Please refer to the official LSWIA Instruction for additional guidance.*

Please know that these are the only approved Training Areas at this time for the Lower Savannah Region:

F. PARTICIPANT LIFETIME MAXIMUM ITA CAP

(LSWIA Instruction PY'10-006 Revision #1)

The **lifetime maximum training amount for a WIOA Participant is hereby set and shall not exceed $8,000.00 per Adult and Dislocated Worker WIOA Participant and is set and shall not exceed $10,000 per Youth WIOA Participant (this includes the Work Based Learning – Work Experience Activity)**. ITAs include tuition, books, tools, uniforms, fees, and supplies required for the completion of classroom training and On-the-Job Training (OJT). All Training Costs shall be paid in accordance with documented and approved ITA Vouchers. *Supportive Services are not training. Supportive Services are not included in the lifetime maximum training cap.*

LSWIA Instruction PY'01-004, Revision #8 states any portion of the total training amount paid with resources other than WIOA funds, such as PELL, Lottery, TAA, etc., will not count toward the Training Cap.

Additional Considerations:

1. GED and/or Basic Skills services are included in the Lifetime ITA Training Cap amount. Therefore, using the most expeditious and most cost efficient means of acquiring these prerequisites is imperative. (Refer to LSWIA Instruction PY'10-005 GED Services for Adults and Dislocated Workers.)

2. Allowing participants to attend training on a part-time basis increases the cost of training and the time it takes to complete training. Therefore, full-time training shall be the norm.

3. Part-time training will not be allowed without having written approval from the Workforce Development Administrator. Use the Waiver Request Form to request approval of part-time training and provide an explanation in the "Other" category box on the form.

4. In extenuating circumstances when it is believed that funding in excess of the training cap is reasonable, necessary, and appropriate for a customer to achieve employment and economic sufficiency, a Waiver Request Form shall be submitted to the Workforce Development Administrator for approval prior to any expenditures in excess of the training cap.

5. The LWIA must utilize a system to document all training costs for each WIOA participant. Therefore, all Lower Savannah WIOA Service Providers/Contractors shall utilize the SCWORKS ONLINE SERVICES System's Individual Fund Tracking (IFT) module.

Good Sense Tip: *All participants are required to apply for PELL/SC Lottery/FAFSA prior to being enrolled into training - www.fafsa.ed.gov. If they have not done so, the Training Services Committee cannot approve them for training. If the individual has applied for PELL/SC Lottery/FAFSA, staff shall document the outcome in SCWORKS ONLINE SERVICES. If the participant is not eligible for PELL/financial assistance, an explanation as to why they do not meet eligibility and supporting documentation of having applied must be in the official WIOA Participant File Folder.*

G. TRAINING SERVICES

(LSWIA Instruction PY'02-009, Revision #4)
(LSWIA Instruction PY'07-007 Revision #2)

ALL YOUTH DETERMINED TO BE BASIC SKILLS DEFICIENT WILL BE REQUIRED TO PARTICIPATE IN STRUCTURED REMEDIATION ACTIVITIES. YOUTH WILL NOT BE APPROVED FOR TRAINING OR CERTAIN WORK BASED LEARNING OPPORTUNITIES (OCCUPATIONAL SKILLS TRAINING, ON-THE-JOB TRAINING, ETC.) UNTIL AN EDUCATIONAL FUNCTIONING LEVEL GAIN HAS BEEN ACHIEVED. WIOA COSTS INCURRED FOR YOUTH WHO ARE ALLOWED TO PARTICIPATE IN TRAINING WITHOUT ACHIEVING THE FUNCTIONING LEVEL GAIN FIRST WILL BE REVIEWED FOR POSSIBLE DISALLOWANCE.

Good Sense Tip: SCWORKS ONLINE SERVICES *Activity Code 414 Basics Skills Training and Code 433 GED Training or Adult Ed HS shall be used to track the services.*

1. Deliberations of Training Services Committee

   The Service Provider shall document the entire Training Services Committee deliberations and include the documentation in the applicable WIOA customer's Official WIOA File Folder, as well as document the events in SCWORKS ONLINE SERVICES by way of case notes. Items such as criminal background checks and previous 10 years driving record shall be requested and reviewed prior to the Training Committee meeting, and documented and stored according to LSWIA Instructions PY'11-011 and PY'12-001. Costs for these items shall not be part of the Individual Funding Tracking record. ***Remember if a partner agency is paying for the actual training, the Training Committee is still required to meet and approve the training. TRADE PROGRAM participants are exempt.***

2. Establishment of Training Services Committee

Establishment of the Training Services Committee shall be the joint responsibility of the WIOA Service Provider Program Manager and the SC Works Center Operator, or designee (generally the WIOA Service Provider Program Manager and the SC Works Center Operator). The WIOA Service Provider Program Manager or the Center Operator shall facilitate this coordinated effort since the applicable WIOA customer will be under his/her control at the time the need for such a decision arises. As well as the fact that the customer's WIOA Case Manager should be the first person to arrive at such a decision. A *typical Training Services Committee Meeting* will have a minimum of three (3) voting staff members, which shall include the applicable WIOA Case Manager, SCDEW Wagner-Peyser Representative and a WIOA Certification Staff Member. If the WIOA participant is also a Trade client, then the Committee will be comprised of those staff listed above as well as a Trade Case Manager. If the WIOA participant is being recommended for Work Based Learning (with the exception of a Work Experience), then the Training Committee will be comprised of those staff listed above, as well as a Business Services Representative.

The Training Services Committee's decision to *Approve* or *Disapprove* the applicable WIOA Participant for Training Services [which includes On-the-Job Training (OJT), customized training, apprenticeship training, work based learning-not to include work experience, etc.] will be based on a ***majority vote***. Should a training services committee member request a decision appeal, a written request should be submitted to the LSWIA Workforce Development Administrator.

3. Incentive Policy (YOUTH ONLY)

(LSWIA Instruction PY'06-006, Rev #4) **

In the event that the Service Provider has an Incentive Policy, it must be submitted and approved by the Lower Savannah Workforce Development Administrator. In the event that the Service Provider does not have an Incentive Policy, follow the LSWIA Incentive Policy/Schedule provided in the Statement of Work [Insert H].

H. INDIVIDUAL TRAINING ACCOUNT (ITA)

(LSWIA Instruction PY'03-001)

The individual seeking training services is partly responsible for completing the ITA/Voucher information for the occupational skills training. Follow the requirements of this instruction for capturing the Budget for Occupational Skills Training. It is the responsibility of the Service Provider to ensure that adequate training funds are available in their contractual budget for training obligations.

***Good Sense Tip**: Individuals in training shall be required to apply/re-apply for Financial Aid at the beginning of each Calendar Year while in training services.*

Good Sense Tip: *Be sure to double check all documents received from the training facility as they are notorious for showing the individual's social security number as the student ID number.*
NOT A DEFINITION → REMINDER: ***Inclusion of a social security number on any document is a violation of the Privacy Act and is punishable by law. Refrain from using the social security number on any WIOA form. If a social security number is found on any form in the WIOA file folder, staff are required to redact it IMMEDIATELY. Failure to do so will result in a monitoring issue, and may result in the recommendation for termination of employment.***

I. INDIVIDUAL FUND TRACKING (IFT)

(LSWIA Instruction PY'10-003)

Individual Fund Tracking (IFT) was opened in the Lower Savannah Region to assist with capturing and tracking related expenses on WIOA participants. Effective April 12, 2011, any and all costs associated with a particular SCWORKS ONLINE SERVICES activity must be input into the appropriate tabs in SCWORKS ONLINE SERVICES. Desktop monitoring of reported financial expenditures takes place in-house and any found anomalies will be written up in the form of a financial monitoring report.

Any costs not associated directly to an activity that captures the costs under the IFT must be captured in a detailed case note. Details must include the reason for payment, check number, purchase order number, amount, vendor identification information, and date paid. Examples of costs captured in case notes are SLED checks, driving records, drug testing, etc., that is done prior to an event or activity. Supportive Services has an activity code and that activity allows for IFT information. IF the financial information is already captured under an activity code in the IFT section, do not recapture it in a case note entry.

J. CASE CLOSURE

Creation of a WIOA Case Closure in SCWORKS ONLINE SERVICES will signify that the adult/dislocated worker WIOA Participant has obtained self-sufficient employment, or that the youth WIOA Participant has obtained the planned youth measure, and there are no other planned WIOA services. These SCWORKS ONLINE SERVICES records are intended soft exits. ALL Service Providers are responsible for providing follow-up services to WIOA Participants who have a program outcome/common exit in SCWORKS ONLINE SERVICES.

K. SUMMARY CASE NOTE/SUBJECT FOR EXITING

When no other services are expected to be provided other than follow-up services, the Case Manager will document SCWORKS ONLINE SERVICES with a summary case note.

At a minimum, the case note should include:

Subject: ***Conclusion of Participation***
Conclusion of Participation Case Note must address the documentation of employment or achievement of all performance measures (if applicable), date and source of documentation, attainment of credentials/licenses, date attained, source of documentation, date of last activity, total training dollars expended, total supportive

services expended, etc. Summary case notes, such as amount spent on a participant and those noted above, are vital in the event of a re-entry request.

L. JOB PLACEMENT/RE-EMPLOYMENT SERVICES

(LSWIA Instruction PY'01-005)

Job Placement/Employment Services may begin immediately after the determination is made that an individual needs these services. SCWORKS Center Staff will assist WIOA Participants with job search/job referrals/employment services by coordinating the referral of the WIOA Participant with the SCDEW Virtual Recruiter at the Center. The appropriate staff person should document job placement referrals and employment services (i.e., workshops, group sessions, job searches, etc.) accordingly in SCWORKS ONLINE SERVICES, either by entering activity codes or case notes.

***Good Sense Tip**: Individuals actively seeking employment or re-employment may need longer than 90 days to find self-sufficient employment/re-employment opportunities. Re-employment services must be documented in the* SCWORKS ONLINE SERVICES .

M. FOLLOW-UP SERVICES

Follow-up Services will be provided to all individuals who have ceased participating in all programs, including WIOA, Wagner-Peyser, and Trade programs – common exit. ***Follow-up data entry into*** SCWORKS ONLINE SERVICES ***is triggered by the appropriate program's 'follow-up links' being available, or dropping, in the*** SCWORKS ONLINE SERVICES ***system. The Service Provider shall provide Follow-up Services***. WIOA Participants may be eligible to receive supportive services payments during the follow-up status, if it is identified as an emergency during the follow-up period that would otherwise keep the individual from gaining/retaining employment. Follow-up files should be set-up and managed by a 1st, 2nd, 3rd and 4th quarter filing system based on the participant's follow-up status.

Ad Hoc Reports must be utilized in order to manage follow-up records in SCWOS. After satisfying the follow-up requirements (where applicable), all hard copy WIOA Participant File Folders will be boxed accordingly and prepared for delivery to the Lower Savannah Council of Governments' office for storage.

1. Effective Follow-Up Services:

- Regular contact with appropriate frequency with the participant, the participant's employer, or the participant's post-secondary academic advisor (youth specifically)
- Leadership development activities provided after completion of participation (youth)
- Supportive services provided after completion of participation
- Case Management activities

2. Ineffective Follow-Up Services:

- Follow-up activities that consist solely of occasional, ineffective contacts
- Quarterly phone calls to see if the participant is still working or still in school (youth)
- Mail surveys to check if the participant is still working or still in school (youth)
- Letters to inquire about status

***Good Sense Tip**: A system soft-exit will automatically take place in SCWORKS ONLINE SERVICES 90-days after the last date of service entered in the system. **IF** an individual is intended to soft exit, we recommend that a case note be entered to alert all SCWOS Staff that no activities (WP or WIOA) should be opened and that this individual is intended to exit.*

V. PERFORMANCE MEASURES

A Participant in any one of the following categories (either at the time of exit or during any of the follow-up quarters) may be excluded from common measures provided there is supporting documentation in the file:

1. Institutionalized – residing in an institution or facility providing 24-hr. support, prison or hospital; expected to remain for 90 days or more;

If any of these reasons apply to participants in the program, the WIOA Service Provider may request a Hard Exit creation in SCWORKS ONLINE SERVICES so that the individual will not count towards performance. Failure to do so will result in a monitoring issue, and may be result in termination of employment.***

XI. FINANCIAL REQUIREMENTS

Good Sense Tip: ***REMINDER:*** ***Twenty percent (20%) of all Youth allocated funds must be spent on Work Based Learning Activities. Seventy-five percent (75%) of all Youth allocated funds must be spent on Out-of-School Youth.***

(LSWIA Instruction PY'06-006 Revision #3)
(LSWIA Instruction PY'03-010 Revision #2)

Requests for Payment Invoices and other required financial forms must be submitted to the Workforce Development Financial Director, LSCOG, on or before the 8th day of each month. The invoices must be supported by a copy of the original source documentation, i.e. a vendor invoice, purchase order, time sheet, a payroll record, an incentive payment (youth only), achievement record, a supportive services payment record, etc. All supporting documentation must be submitted along with the original invoice to the Financial Director by the deadline.

The invoices are to be differentiated by funding stream and allocated according to the total combined percentages for each individual funding stream, as documented in the exhibit "Allocation of Staff Salaries Across All Projects." This exhibit is located in PART 3 (Budget Section) of each individual contractual agreement and is the basis for payments and related cost objectives or categories. For individual travel payments, excluding travel for staff training purposes, the percentages given to each individual staff member in the above-mentioned exhibit are to be used.

1. Financial Management System

According to 29 CFR 97.20, there are standards for a financial management system:

a. A State must expand and account for grant funds in accordance with State laws and procedures for expending and account for its own funds. Fiscal control and accounting procedures of the State, as well as its sub-grantees and cost-type contractors, must be sufficient to:

- Permit preparation of reports required by this part and the statues authorizing the grant, and
- Permit the tracking of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restricted and prohibitions of applicable statues.

b. The financial management systems of other grantees and sub-grantees ***must meet*** the following standards:

i). Financial reporting

Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or sub-grant.

ii). Accounting records

Grantees and sub-grantees must maintain records that adequately identify the source and application of funds provided for financially assisted activities. These records must contain information pertaining to grant or sub-grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

iii). Internal control/payments – procedures must be in writing

Effective control and accountability must be maintained for all grant and sub-grant cash, real and personal property, and other assets. Grantees and sub-grantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

iv). Budget control

Actual expenditures or outlays must be compared with budgeted amounts for each grant or sub-grant. Financial information must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or sub-grant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

v). Allowable cost – procedures must be in writing

Applicable OMB cost principles, agency program regulations, and the terms of grant and sub-grant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.

vi). Source documentation

Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and sub-grant award documents, ADP reports, and MapQuest/Google map print outs for all travel reimbursements.

vii). Case Management

Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and sub-grantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on sub-grantees' cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their sub-grantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.

c. An awarding agency may review the adequacy of the financial management system of any applicant for financially assistance as part of a pre-award review or at any time subsequent to award.

2. Documentation of Cost

The Service Provider shall track all expenditures associated with the program operation. Actual cost, whether it be administrative, program, or other costs that contribute to this project must be documented and tracked for monitoring purposes.

3. Expenditure Levels

Program expenditures will be reviewed monthly against annual contractual budgetary allocations and fund utilization goals and objectives. In order to meet compliance, the following goals should be met:

- At the end of the first quarter (September, 2016), 30% of the contractual allocated amount should be expended.
- At the end of the second quarter (December, 2016), 60% of the contractual allocated amount should be expended.

4. Refund Policy

The Career and Follow-Up Services Coordination Provider shall establish an in-house refund policy and procedure for retrieving any unused tuition, books, and other training related cost where appropriate and applicable. A copy of the refund policy must be maintained in the official contract file.

5. Disallowed Cost

All service provider entities shall reimburse all costs determined to be disallowed costs in connection with operations funded with WIOA funds administered by the Lower Savannah Workforce Development Board from non-WIOA fund sources.

6. Indirect Cost

Indirect Costs are allowable costs incurred for a common or joint purpose and cannot be readily identified with a particular cost objective. Therefore, some method of allocation must be used to distribute the Indirect Costs to various direct activities that were benefited. Indirect Costs must be distributed equitably and consistently.

Only a cognizant agency can issue an indirect cost rate. If there is no cognizant agency who determines the Indirect Cost Rate for a service provider or subcontractor, a cost allocation plan must be submitted when fully executing the contractual budget.

7. Invoicing and Closeout
